FSP PRO SERIES Sparta™ Sports Light Gen 1

The *FSP Sparta™ Sports Light Gen 1 Series* sets a new standard of technology for professional outdoor sport lighting. Unlike competitor products, the *FSP Sports Light* requires less power and produces greater lumen output while generating less heat to extend the life of the fixture. Movable parts are eliminated to reduce wear and tear and it's only a fraction of the weight from the competition. Engineered optics direct the light precisely onto the field to shine uniformly and reduce glare.
